KÖNIG & MEYER
Stands For Music

Inspired by People Who Live Music

Music is constantly evolving—new stages, new technologies, new ways of creating. In the midst of this change, König & Meyer stands as a manufacturer dedicated for decades to developing solutions that turn ideas into reality. Our products are not driven by tradition alone, but by the ambition to create reliable tools for a modern, diverse musical world.

In Wertheim, new concepts, prototypes, and refinements emerge every year—shaped by the expertise of our teams and by the understanding that reliability matters more today than ever. Whether in the studio, on tour, or in a digital setup, our stands, mounts, and accessories are designed not to draw attention—because they simply work.

In 2026, we are focusing even more on innovation, sustainability, and precision in manufacturing. We are advancing materials, processes, and solutions that meet tomorrow's demands while conserving resources. And we value the close collaboration with musicians, partners, and customers whose insights and ideas continue to inspire us.

We invite you to explore our current product lineup and discover what's new. And we remain true to our promise: König & Meyer creates products that help people make music—dependable, thoughtfully designed, and ready for the future.

Gabriela König

300

employees

In line with our quality standards, almost all metal and plastic parts of our products are manufactured in-house.

1.500

products

Whether you're a beginner or a professional – König & Meyer offers the ideal music accessories for every area of use.

König & Meyer puts your setup on a stable foundation.
You can count on timeless design and high functionality.
Durable and exact manufacturing by conviction.

Made in Germany

For over 75 years, we've set the standard for quality in the music world. We stand for sturdy and intelligently designed equipment, with every single component bearing the unmistakable K&M signature.

Customer satisfaction and quality

Resources & the environment

Employee satisfaction and occupational safety

For every requirement.

Whether it's stands for loudspeakers, stands for guitars or stands for sheet music, König & Meyer knows what musicians want. To meet their expectations, the products are specially developed and optimized according to their requirements.

Music stands

König & Meyer music stands are the premium standard in the music industry worldwide. Their workmanship, durability and timeless design speak for themselves. All elements of the stand constructions are precisely coordinated and smoothly interlock with each other. At the same time, a meticulous selection of materials ensures that the music stands will withstand the high stresses of constant use for decades.

Our product range offers a variety of designs and sizes. This means that every musician will find just the right König & Meyer music stand to suit them and their individual application – regardless of whether they're ambitious young musicians or professional stage stars.

10810-000-55

The most impressive stand in its class. This extremely stable design of stand has a sheet music desk of 500 x 240 mm – for size plus grandeur. The three-piece folding music stand has easy-to-use clamping elements. Its large music desk has plenty of room for heavy folders and is an alternative to a music stand with a plate.

Order No.

black
11922-000-55

Innovative orchestra music stand with infinitely variable height adjustment (friction lock). To adjust the support height, from 678 to 1,250 mm, the tube combination is simply pushed apart or back again. For large, heavy music books weighing more than 2.5 kg, the height can be additionally secured by tightening the clamping sleeve. The large metal music desk measures 500 x 320 mm and is covered with a robust textured coating. The tilt of the music stand desk is also infinitely adjustable and large impact sound-absorbing rubber end caps ensure a safe and stable stand. Thanks to the retractable foot construction, the music stand is ideally suited for transport.

Music desk made of metal, covered with structural coating;

Friction Lock: Quick height adjustment by push and pull

U-profile legs snap into socket

11930-000-55

Stackable orchestra music stand with a contemporary look. This music stand has been specially designed for venues such as schools, concert halls, halls etc. It is absolutely ideal for whenever several orchestra music stands need to be set up and cleared away quickly or when storage space is limited. The minimum stacking distance is only 70 mm. Height adjustment is very easy by just using the clamping lever. The tension of the lever can be adjusted to your needs. The height can be continuously adjusted between 760 and 1.300 mm. The angle of the music stand desk can also be adjusted continuously. Wagon 11934-000-55 for up to 12 orchestra music stands is also optionally available for transport and storage.

Powerful and multifunctional dual-headed light with 2 flexible goosenecks which allow the musician to focus light to a pinpoint or evenly over a larger area. The light provides comfort and versatility to accommodate a variety of lighting needs through 4 powerful LEDs rated for 100,000 hours on each head and two brightness settings. The latest LED technology guarantees a bright light source and minimal energy consumption. A practical and extra-wide clip provides for easy attachment to all music desks or table tops with a thickness of 25 mm. The light is powered by 3 (1.5 V AAA) batteries (included) with a typical battery life of 10 hours. Powered also by AC adapter (not included).

Stands and accessories for instruments

The König & Meyer portfolio offers an enormous variety of products in the field of professional instrument stands: from all-round guitar stands to stands for rare musical instruments, we can meet every need.

Compact or custom-fit, classic or new invention: All products are backed by over 75 years of experience and know-how. We guarantee their quality and stability through continuous precision testing. This is how we constantly optimize. In keeping with this commitment, our stands have been setting standards in function and workmanship for many years.

SAXOPHONE STAND

14300

Weight	1.0 kg
Material	steel
Height	485 mm

Order No.

black
15228-000-55

The "In-Bell" clarinet stand is extremely small and compact. 5 stable die-cast feet ensure excellent stability and sturdiness. Thanks to the patented and easy to operate screw-in system the feet can be conveniently stored in the peg. The short peg completely fits into the bell of the clarinet making it easy for transport in all common instrument cases.

In-Bell stand; Extremely small and compact

Detachable metal leg base screws into the peg

Can be stored in the bell of the instrument for a transport in all instrument cases
